

## **From Bill Otway**

To whom it may concern

I have had the opportunity for the past year of working with Othmar Vohringer as a fellow member of the Executive Committee of the Nicola Valley Fish and Game Club. I also had the pleasure of sponsoring him for membership in the Outdoor Writers of Canada organization.

This past spring Othmar offered his services to put on a seminar on Turkey hunting as a fund raiser for the Nicola Valley Fish and Game Club. I was involved with Othmar in setting this seminar up and attended along with a sell out crowd.

I have been actively involved in working in, presenting to and helping organize hunting and fishing seminars in British Columbia for over 50 years. I can say without fear of contradiction that the Turkey seminar put on by Othmar was one of the best seminars I have ever been involved in.

He was well prepared, articulate and interacted well with the audience providing very helpful information. I had the opportunity to speak with a number of participants following the seminar and without exception they all expressed pleasure at the information provided and that they had received good value for their registration fee.

I have no hesitation in recommending Othmar Vohringer as a seminar presenter and have full confidence in his ability to communicate the message to the audience.

Sincerely:
