About Othmar:

Widely regarded as one of Canada's foremost turkey and whitetail deer hunting experts, Othmar's seminars are educational and entertaining. Part of what makes Othmar's seminars different from others is that, as a professional animal behaviourist, he is able to provide specialized knowledge combined with his experiences as a veteran turkey and deer hunter. As an outdoor writer, seminar speaker, educator and hunting strategy consultant he passes this passion on to others with the aim to improve their hunting success. His personable character and the understanding of the hunters needs contribute to his popularity with his audience. As an accomplished writer Othmar's articles are published all across North America in such reputable magazines and Internet resources as the BC Outdoors, Western Sportsman, Field & Stream and Turkey & Turkey Hunter among many others. He's the author of his award winning hunting blogs and also writes a by-weekly outdoor column for the Merritt News and a regular hunting column for the BC Outdoors Magazine Website.

Othmar's mission statement is simple: Making hunters more successful.

According to statistics 10-percent of the hunters take 100-percent of the game animals. That leaves 90-percent of the hunters ending the season without filling their tags- Othmar aims to change that.

Othmar Vohringer is a member of:

BC Wildlife Federation – National Wild Turkey Federation – Outdoor Writers of Canada – Nicola Valley Fish & Game Club. Othmar is a licensed BC Hunter Education Instructor (C.O.R.E.)

What others have to say about Othmar.

This is just a small selection of many responses Othmar receives:

Bill Otway, award winning outdoor writer and conservationist, British Columbia:

“I have been actively involved in working in, presenting to and helping organize hunting and fishing seminars in British Columbia for over 50 years. I can say without fear of contradiction that the Turkey seminar put on by Othmar was one of the best seminars I have ever been involved in.”

Justin Paterson, General Manager, Grouse River Outfitters:

“I'd like to say a huge thank-you from everyone here at Grouse River Outfitters who was involved with the seminar. I heard nothing but good things, and I am very glad that we were able to have you involved. Thanks again for your time.”

Keith Johnson, Bowhunter from Illinois, USA

Hi Othmar, just wanted to send you a note of thanks and gratitude. Your Whitetail Deer Seminar was top notch and more informative than any deer hunting seminars that I have attended by various "celebrity" hunters. I appreciate beyond what mere words can express the time you took to talk to us after the seminar and answer the questions we had. You're a true icon for many hunters.

John Sloan, Bowhunting Expert, Guide and Award Winning Outdoor Writer, Tennessee, USA

“Othmar has done it all. Listen when he speaks. If you want to know and learn about hunting, he is the real source.”

Shawn Moretti, Bowhunter, Wisconsin.

After four years of failing to kill a buck I decided to seek the advice of Othmar Vohringer-Hunting Strategy Consultant service. Within a week of the first consulting session I shot my first whitetail buck, a huge 8-point, during our states archery season. When our firearm season opened I asked Othmar again for advice on hunting strategies. The first day of the firearm season I shot my second buck, a massive 10-point buck that made the minimum score for the record books. This success would not have been made possible without the help of Othmar. In future I will continue to seek the advice of professionals like Othmar, because their tactics are proven effective and make sense.
